**Date:** July 11, 2014      **Subject:** Re: Summer camp vacation

Dear Darren,

In your last email, you asked me about the friends I made at summer camp. I sent you a photo in this email so you can see them for yourself. As you can see, that's me in the middle, wearing my favorite Yankees cap. The guy with the sunglasses on the left is our group leader, Matt. He was really kind and helpful. My best friend at the camp was Frank. He's the one standing next to me with his hand on my shoulder. On the right is Craig. He is quite fat, but to everyone's surprise, he is a really fast runner and swimmer; in fact, he won several races during the vacation. The joker of our group was Tom. Those are his fingers behind Craig's head. The two girls next to me are Tina and Emily. I don't know why Emily, with the short hair, doesn't look happy in this picture, but she is really friendly. Anyway, bye for now!

Steven

1. Which email might Steven have received before he wrote this one?

(A) Hi Steven, how was your summer camp? Did you make lots of friends there? Are they all nice people? I wish I could go to summer camp next year and make some friends.

(B) Hi Steven, I heard that you went to summer camp. Was it fun? What did you do in summer camp? I really want to know more about what summer camp is like.

(C) Hi Steven, what did you do this summer? Did you visit anywhere? I remember you used to travel abroad for summer vacations. Please share some interesting travel experiences with me.

(D) Hi Steven, I saw the picture you took in summer camp. I'm glad you make some good friends there. I hope someday I can have the chance to meet them.

Dear Ms. Kao,

I understand why you are worried about Sam, but there is really no need to worry that much. Sam is a great kid and he always does well at school. Sam has his two favorite classes, Chinese and math, on Tuesday and Thursday mornings. I think both of them are very easy for him. He has English class every afternoon except for Thursday. His English teacher said he has been doing well on the tests, and that he is a very hard-working student. On Monday and Friday afternoons after science class, he often stays at school to do more experiments.

The problem is that Sam asks just too much of himself, and he really wants to get ahead. This is why he has become unhappy lately. Last week on the monthly exams, he did not do as well as usual. However, his teachers feel he is still doing a great job in every subject. I have talked to him about it, and he told me that he was fine, but I will keep an eye on him, so don't worry. If you have further questions, please feel free to call me at my office number.

Hi everyone. My name's Edward. I've always cared about the school environment, and if you choose me as student president, I'll do my best to make it better. The first thing I'll do is put more plants in classrooms. Vote for me if you also want to 1 our school greener.

Hi, I'm Francine and I think I'll be the best student president. When I was in the first grade, my older sister was in the third grade. She really helped me a lot with my homework. I want everyone to benefit like I 2. If I become president, I'll get students in the third grade to teach younger students if they need help.

What's up, guys? You all know me. I'm Oliver. I know how hungry we all get in the afternoon. If you pick me for school president, I'll make a shop 3 we can buy all kinds of food and drink during break time. Sounds great, right?

Hi, I'm Jade. Thanks for waiting for me! I want to make a new school library. The one we have now is small and doesn't have enough books. Students need 4 quiet to study, or just to relax and read. Choose me as president and we'll get a library that we can be proud of.
